

Entertainment Solutions West has been providing music that is customized to the requirements of each individual bridal couple for over 30 years on both coasts. We specialize in providing a variety of music that is suitable for all ages and interests spanning the years from big band to classic rock to top forty.

Using a special party detail work sheet, we are able to ask the bridal couple the right questions to enable us to provide exactly what each couple wishes for their special day. The announcements are handled with just the right flair.

Bernie Kaye, the owner of Entertainment Solutions West is a former band leader/singer/M.C. The knowledge he brings to each reception enables his team of musicians and disc jockeys to pace the party and bring out the celebration in your guests. It is the knowing what to do and when to do it that can make or break any reception.

Entertainment Solutions West can provide anything from:

- ◆ One entertaining musician up to a full big band.
- ◆ Harpists
- ◆ Classical or standard guitarists
- ◆ String trios and quartets
- ◆ Pianists
- ◆ Singers for your ceremony
- ◆ Various ethnic musicians
- ◆ Bagpipers
- ◆ Mariachis
- ◆ Disc Jockeys & Karaoke D. J.'s

We offer an enormous range of musical choices.

In the past 25 years in San Diego, Entertainment Solutions West has built up a reputation of quality musicianship and integrity. Also, our Disc Jockeys have been an important part of our organization for 17 years.

Because each wedding ceremony and reception is so different, it is impossible to go into a lot of detailed information in the space allotted. We ask that you make that important call to Entertainment Solutions West.

There is so much effort that the average bride and groom put into their special day. We feel that more questions can be answered and information passed both ways in five minutes of direct talk than in any electronic or print media.

Your special day is as important to Entertainment Solutions West as it is to you. Call today and see what a difference a few minutes can make.
